

BioFactor[™] Bio-Technology Products
Biological Urinal Blocks

This product is EcoLogo[™] certified by Environment Canada's Environmental Choice Program CCD-165 Urinal Pucks

BioFactor[™] Benefits!

- EcoLogo certified under CCD-165 Urinal Pucks.
- Contains 1 Billion CFU (Colony Forming Units) per block.
- Block lasts an average of 30 days.
- Works 24 hours a day, 7 days a week to eliminate bad odours naturally.
- Degrades Uric Acid, the leading cause of odours from urinals.
- Keeps traps and pipes clean and free flowing, reduces maintenance costs.
- All organic ingredients are readily biodegradable, better for our environment.
- Does not contain toxic Para-dichlorobenzene or Phenol Ethoxylates.
- Saves water, saves money.

Directions:

Simply place one block into the urinal. Replace when the block has dissolved.

Specification:

Solid blue block with a pleasant citrus scent. Each block weighs 100 grams. Contains a minimum of 1 Billion CFU (Colony Forming Units) per block.

TDG Regulation, WHMIS Classification:

Not regulated for transportation; Not regulated under WHMIS.
